- Completed courses in Japanese language, culture, arts, psychology, and sociology.

## EXPERIENCE

---

**Publicity Manager**, *MuKappa, International Student Programs, Wheaton College*, Wheaton, IL

Aug. 2018 – Present

- Collaborated with other cabinet members to greet and prepare weekly meals and activities for about 40 missionary kids and third culture kids.
- Photographed weekly events and other International Student Programs events.
- Initiated and managed two social media accounts independently.
- Designed and created promotional materials, such as posters, brochures, flyers, tri-folds, crafts, and other decorations for events.
- Wrote weekly emails to the 400 subscribers.

**Publicity Team Member**, *Koinonia, Office of Multicultural Development, Wheaton College*, Wheaton, IL

Apr. 2018 – Present

- Photographed events and cabinet portraits.
- Edited and delivered the photos on the same day of the photo shoot.
- Assisted two other publicity team members to manage the Instagram account by generating weekly posts and stories.

**Photographer**, *Center for Vocation and Career, Wheaton College*, Wheaton, IL

Oct. 2018 – Present

- Worked directly with the Events & Marketing Manager to photograph candid and posed of the students and guests during events for social media and website use.

**Freelance photographer**, Wheaton, IL and Shanghai, China

Jun. 2016 – Present

- Photographed about 20 events, student activities, portraits, or weddings.
- Edited and organized the photos using Adobe Lightroom and Photoshop.
- Designed about ten photo books, albums, or calendars.
- Communicated with the clients to meet their specific needs.

**Docent**, *Art Department, Wheaton College*, Wheaton, IL

Sep. 2018 – Present

- Acted as the ambassador for the Art Department by explaining and answering questions the guests have about the gallery exhibition and the programs offered.

**Hydroid caretaker**, Biology Department, *Wheaton College*, Wheaton, IL

Aug. 2018 – Present

- Independently took care of about 60 tanks of hydroids by feeding, cleaning the tanks and filters, balancing their salinity, and monitoring their health daily.
- Systematized the workflow by making several excel sheets.
- Established new cleaning methods that improve the health of the hydroids.

**Biological Technician**, *USDA Forest Service*, Winthrop, WA

Jun. – Aug. 2018

- Evaluated habitats for the Beaver Project in which beavers were relocated and monitored to improve riparian habitats.
- Videoed aerial footage of beaver habitats using a drone.
- Conducted owl surveys for about ten nights.
- Organized and cataloged thousands of wildlife camera photos.
- Captured and identified about 50 dragonflies for the annual dragonfly survey.

- Identified, sprayed, and pulled thousands of weeds.
- Monitored sensitive plant species.

**Kitchen Assistant, *Wheaton College Science Station*, Rapid City, SD**

Jun. – Jul. 2017

- Performed tasks such as dishwashing, cleaning and serving about 50 people.
- Communicated clearly and cooperated with supervisors and co-workers.

**Chinese Conversation Aid, *Wheaton College*, Wheaton, IL**

Aug. – Dec. 2016

- Clarified and explained class materials to two groups of four students.
- Instructed the students on daily Chinese conversation and homework.
- Organized fun activities to promote students' interests.

**ADDITIONAL SKILLS**

---

- Proficient in Adobe Creative Suite and Microsoft Office Suite.
- Multicultural skills from living in China, Japan, and the U.S.
- Native speaker of Mandarin Chinese and conversational in Japanese
